

COUNTY OF RAVALLI

February 23, 2026

To Whom It May Concern:

On February 23, 2026 the Corvallis (Montana) FFA presented the Ravalli County Commissioners with a presentation/skit on the topic of "Sheep Creek Mine". It was our distinct pleasure hosting the students, along with their Corvallis FAA Advisor, Neela Hammerstein.

We are writing this letter to commend them individually and as a team, as they were each very professional, as well as personable and organized. They each portrayed a different character, and voiced the opinions and feeling of each character very nicely. It was thought provoking yet enjoyable.
