**Subject:** Ravalli County Airport improvements

Gentlemen,

I strongly support the proposed changes to the Ravalli County Airport and urge you to also. Although my plane is based in Stevensville I routinely fly in and out of Ravalli County Airport and recognize that the proposed improvements would improve safety for planes now using the field (particularly the larger ones currently using it), the new alignment would allow approaches to be made avoiding the neighborhood, and allow the airport to provide an improved economic benefit to the county.
