Dear Chairman Burrows,

We are pleased to let you know that your application for National Highway Traffic Safety Administration (NHTSA) funding through the Montana Department of Transportation State Highway Safety Section (MDT-SHTSS) has been approved for federal fiscal year 2015, which is October 01, 2014 through September 30, 2015. The funding availability is contingent upon MDT-SHTSS receiving funding from NHTSA.

**The approved funding for your project is: \$30,886.00**

Staff from the State Highway Safety Section will be in contact with your office to develop and finalize a contract, as well as go over funding guidelines and reporting requirements. Please do not incur any costs for the FFY 2015 fiscal year (starting 10/01/14) until your contract has been approved and signed by all parties.

We are looking forward to partnering with you on this project to reduce traffic crashes, fatalities and injuries on Montana's roads. If you have any questions or would like more information, please contact one of the following traffic safety planners:
