Mr. Norderud,

I'm all in support of expanding the runway at the Hamilton Airport. The summer months and well into the fall months are huge tourist months. We all know just how beautiful the summers are here, until we have fires in our mountains. Having a safe and adequate runway and well maintained airport in the middle of this valley is vital to helping fight those fires, not to mention bringing tourist and hunters who spend their money in our towns. I hope our Commissioners will do the right thing for the citizens of Ravalli County and vote to expand the runway and improve the airport.
