Mr. Norderud, I can only assume the few outspoken members of ICAARE do not live in a forested area. I, along with thousands of other citizens of the Bitterroot Valley, do live in a forested area. I want the runway extended to 5,200 feet to maximize the firefighting capabilities at the Ravalli County Airport. Living near Hamilton, there is NO WAY anyone is going to convince me that my home will be just as safe with firefighters arriving from Missoula as it would be if the bombers could lift off with full loads from Hamilton! Also, choosing an alternative other than #4B would results in the CLOSURE OF THE AIRPORT DURING FIRE SEASON and that would be simply insane!!!!!!
