Robert Peccia & Associates

Dear Mr. Norderud,

As the wife of a pilot, safety is always on my mind when my husband takes off and lands his small airplane. We moved to this beautiful valley 5 years ago and having a small airport so close by was a must for us. We both support the expansion and necessary improvements of the Ravalli Airport not only for the safety aspects it will bring to all living within a 5-mile radius of the airport, but because it will benefit all of us by making the airport safer at almost no cost to us, the tax paying citizens. The County Commissioners must vote to improve our airport and accept the funding from the FAA to improve the quality of life for all of us living in the Bitterroot Valley.

Thank you for your time and effort towards this project.

Sue Livingston
