RE: Valley Veteran's Service Center

Dear County Commissioners:

It has come to my attention that you folks will be deciding who the Veterans Service Officer (VSO) will be to serve the veterans for Ravalli County and I would like to address this issue.

I have been using the Veteran's Service Center for several months now with my Veteran issues. I've come to realize that the current VSO, Janet Brewster, a veteran herself, has and is currently doing an excellent job for the veterans in need of assistance. She is knowledgeable and works very well with the veterans who come into the center, and she is willing to help any of us in need. I've worked with some VSO's around Montana in the past, and I believe she surpasses most that I've worked with. I know that she is honorable and trustworthy and will serve veterans and Ravalli County with honor and distinction.

It is with confidence that I, a Disabled American Veteran and Montanan do recommend, Janet Brewster to become the permanent Veterans Service Officer (VSO) here in Ravalli County. So when you make your decision this week Please make it with the thought that she is best for the job to serve all veterans in Ravalli County.

Thank you for your time and consideration

Sincerely,

  
Aaron G. Poff
