Subject: Please Don't Loosen the Floodplain Regulations

Dear Commissioners --

Happy Holidays! I am writing today to put my two cents in and urge you to leave the floodplain regulations as they are. It is my understanding that you will be meeting today to potentially loosen the flood plain regulations to allow building in the flood fringe. I like a picturesque building site as much as the next person, but we have limited free-flowing rivers and the Bitterroot Valley has one of the best, most renowned western rivers.... and it is for EVERYONE! Please, please don't loosen the regulations that help protect our ecology, environment and fishery. We all appreciate the beauty and wildness of our valley and Montana; let's make sure our children and grandchildren can appreciate it the same way.

Thank you for your time!

Cheers,
Naomi
