Subject: Continued Public Hearing on 1/7/2015 @ 10:00 AM Proposed Draft Ravalli County Floodplain Regulations

Surely, all of you realize that there is no agency, not FEMA, FWP, DNRC, nor DEQ, that is insisting on opening the flood fringe. Labeling this as a requirement to satisfy governmental rules regarding issuance of subsidies for flood insurance is purely a political act for which you should be ashamed. This proposal will set in motion the degradation of our beautiful Bitterroot River for all time. The Bitterroot River is the lifeline of the Valley and, at all costs, needs to be protected for our children and grandchildren. I know I am not at all in the minority with this belief, nor should be any of you.

I ask that you vocally share my letter at the continued hearing referenced above.
