**Subject:** NO BUILDING IN FLOOD PLAIN

I am emailing regarding the new proposition to build in the flood plains.

After 7 hrs of meetings and not one person agreed with your plan please re-consider.

I am also a fishing guide up there on the Bitterroot River and beyond. I live in Idaho but commute to Montana in the summer just to fish this amazing river. This is a river that changes RADICALLY year to year. It is not a river to take lightly.

The economic impact of out of afters to this county is huge for fishing. Why compromise, lets stick up for the values that we all love in Montana...wild rivers, access to any river at anytime and the many mountain trails that heal our souls.

Please listen to the people who you are supposed to represent.

The people have spoken and they say NO.

Hannah
