Dear Commisioners:

I do not understand why you want to kill the goose that lays the golden egg. Our river is a tourist attraction that generates millions of dollars to this Valley every year. Have you not seen the stats?

When all the people are advising you not to adopt these new regulations and you do, it shows us that you are not "for the people, by the people" The last meeting demonstrated that a majority understood the scientific evidence and the various detorments to our river. Where is your responsibility to the public who voted for you, where is the responsibility to the Bitterroot River, where is your honor?
