**Subject:** Flood plain regulations

Dear County Commissioners,

Our flood plain and flood plain fringe should never have homes nor septics on it: witness the migration of the river in this last year in many places. If restrictions had not been in place to limit building, there could have been considerable damage to the environment and to personal property all at the taxpayers' expense and to the benefit of a few.

I urge you to keep our current restrictions on building in the floodplain. Eventually areas in which new construction might possibly be justified could be reviewed and reclassified.

Kathy Wehrly
