Subject: Glenda's Voicemails

I just checked Glenda's voicemail and will pass along the messages. I will continue to check and update as I check it this week:

8:36 12 Jan – (No name) Protesting changes to FP regs

12:38 12 Jan – (Doris Adams) Opposes changes to FP regulations allowing construction in fringe

12:46 12 Jan – (Stanley Schroeder) Opposes allowing septic systems in fringe

1:26 12 Jan – No message

1:27 12 Jan – (Jack Hefter) Lives on Porter Hill Road and has gotten a note from mail carrier that road is slick. Mail has been delayed because of road condition. Hills and curves are getting gravel, but there is a mile stretch that is shaded that is completely ice. There have been wrecks and is now affecting mail service. The stretch is approximately $\frac{3}{4}$ mile up from E Hwy and is about a mile long. *I called Mr. Hefter and told him I would notify the R&B Dept of the issue.

Jeff Burrows
Ravalli County Commissioner
