Subject: Speed Limit on Summerdale Road

Hello and Good Morning,

I am writing in regards to the posted speed limit of 45 miles per hour on Summerdale Road. Since the day we moved in on Summerdale, in 2010, I have felt the speed limit is too high. I personally can not drive faster than 35 mph on that road, and I am a person that can drive most posted speed limits comfortably.

The road is just wide enough for two cars to comfortably pass, there are a number of blind hills, and many residences, as well as a number of people that run, walk, bike, horse ride and run dog teams along that road.

On top of that already high speed limit a high proportion of people are driving excessive speeds; much higher than the speed limit. This infuriates me, especially as someone with small kids and many animals. I would like to see the speed limit lowered on Summerdale and I would ask your assistance on how I can accomplish this.

Thank you for your time,
Brandi Williamson
