- Training Plan Guide 3

RECEIVED

JAN 29 2015

Ravalli County Commissioners

--	--	--	--	--

The CD's are being mailed to each of the County Commissioner's offices. Please distribute to the Roads shops when they arrive. All of the information will be handed out at the Safetyfests yet to come. However, we thought it would be a good idea to get it out to the Counties now. Duplication never hurts. Even if you do not maintain a pit / quarry please maintain the information due to its relevance pertaining to private pits as well. Be aware that the only time this does not affect an operation is if the individuals are not exposed to the mining operations (e.g.: crushing/screening).

Jim Muskovich
Loss Control Specialist
