closure date upon which the close-out report will be filed.” In addition, Montana Administrative Rules § 18.13.407(14) requires “Any grant or loan recipient which fails to provide the close-out form, status report, or any requested reimbursement is not eligible for future grant or loan awards until the deficiency is remedied.” The Loan and Grant Status Report / Closeout Form is under development and Sponsors will be advised when it becomes available.

The Montana Aeronautics Division thanks you for your continued support and interest in airport safety and development as demonstrated by your financial commitment to this project. Please feel free to contact us if you have any questions or need any additional information.
