Hi Russ, The Commissioners voted to utilize a three year time frame in the policy. They saw the importance of it. Thanks, Glenda

Commissioners:

I am unable to attend the meeting regarding Family Transfers on Tuesday morning, and the agenda does not provide particulars of the proposal under discussion.

I would ask that you tread very, very carefully with this issue. As you are aware, "Family Transfers" provide a potential means to subvert subdivision regulations, and any weakening of the 3-year restriction would be an invitation to abuse the policy. If, instead, you are considering strengthening the policy, you have my support.
