

**File Code:** 7700  
**Date:** April 8, 2015

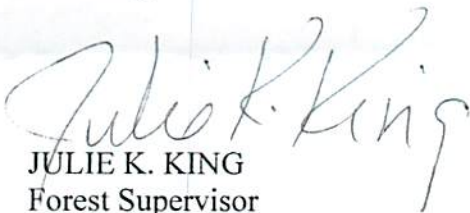

Dear Interested Party,

The Final Environmental Impact Statement (FEIS), Draft Record of Decision (ROD), and Summary for the Bitterroot National Forest's Travel Management Planning Project are available. You can view the documents on the Forest's website at [www.fs.usda.gov/bitterroot](http://www.fs.usda.gov/bitterroot). They are also available on compact disc (CD), which can be picked up at the Forest Service offices in Hamilton, Stevensville, Darby, Sula, and the West Fork, and public libraries in Stevensville, Darby, Hamilton, and Missoula. If you would like to have the CD mailed to you, or have other questions regarding obtaining access to the documents, please contact Chris Fox, Stevensville Ranger Station, 88 Main Street, Stevensville, MT 59870; (406) 777-5461.

If you do not have access to a computer, tablet, or other electronic device that would allow you internet access, hard (paper) copies of the documents, including maps of the Selected Alternative for the decision, will be available for review at the Forest Service offices and public libraries. If you submitted specific written comments in response to scoping of the proposed action, during the comment period on the draft environmental impact statement, or during any other designated opportunity for public comment, you may have standing to object to the decision. For information on the process, please refer to the section of the Draft ROD titled Pre-decisional Administrative Review, on page 47.

Thank you for participating, and for your continuing interest, in the Travel Management Planning Project. Your insights and experiences helped guide us to a better travel plan.

Sincerely,

  
JULIE K. KING  
Forest Supervisor

RECEIVED  
APR 10 2015  
Ravalli County Commissioners
