Subject: Repairs to Daly Ave

Good Afternoon Commissioners,

I am reaching out to you today to urge you to make the very necessary repairs needed on Daly Avenue this summer when you will be doing work on other county roads nearby.

It was brought to the attention of Daly parents that there would be construction happening near Daly Avenue this summer but at this time there are not plans to do much needed repairs to this main street as well.

I drive this road each day as a parent and tax payer in this community and would like to tell you that the patch jobs currently maintaining this road are in need of major renovation. The road is rough for cars, bicycles and pedestrians in our community. This road gets very heavy traffic not only due to the families needed access to the school but also to the surrounding homes and other business such as Grace Lutheran childcare which are all located off of this main route.

Please take the time to review the decision not to include repairs to Daly Avenue in your summer repairs. This area is so important and should be maintained so that we can all safely use this main road.

Thank you all so much for your hard work!

Sarah Seltzer
