Ravalli County Commissioners

To Glenda Wiles,

--	--	--	--	--

As a tax payer of Ravalli County I have a question to ask. I live up Skalkaho Highway. My question to you and the commissioners is why are my tax dollars being wasted on fuel and wages for my neighbor to run the county truck to and from work all day long. I'm retired and work outside in my yard all day, I see the truck leave in the morning about 6 am and most days back by 8 am. home for two to three hours and then leaves again, and then comes back about 3 or 4 and is home for the day. Must be nice to have the county and tax payers pay for fuel, new truck and wages. I watched the last budget hearing for the road department, I was amazed to hear John Horat asking for raises for the office people. They got raises last year and the road foreman is getting another raise, Unbelievable. It appears to me this board has there eyes closed on this one. This new management has only been at the road department a couple years now and has been giving good pay increases every year, WOW.

As a tax payer and a long valley resident this needs to be addressed , may a commissioner should check out my complaint with there own eyes. Don't think it would be to hard to caught him going home, it's a everyday deal. Good try with the new truck that looks just like the sheriffs new truck. Trying to be sneaky.

I will continue to watch and if it continues I guess I will need to go in front of the board with my complaint. At this time will not expose my name.

Thanks, Glenda and please pass this on, and I hope this gets addressed
