**Subject:** Please DO NOT allow a motor sports arena to go in at the fairgrounds!

Dear Commissioners:

My name is Jennifer Paul. My husband and I moved from Bozeman to Hamilton Montana in July of this year and bought a home in the Arbors with the hopes of raising a family in a quiet and safe neighborhood. I was suprised to recieve notice yesterday, that a meeting had taken place regarding the future issue of a motor park being constructed and operated at the fairgrounds. I would like to let you know that our family is NOT in favor of such a project. If we or any other homeowner within the immediate and surrounding area decides to sell their home, we will be legally obliged to note that there are "adverse sounds conditions tied to the property." Not to mention the added pollution and traffic. Please understand that we as tax payers are in favor of economic growth. However, putting in a motor park within city limits, so close to our schools and private property is NOT the answer. I would urge the city commissioners to look at the numbers of comparison from other motor parks in Montana and not the wishful thinking of a small hoard of hostile pro-motor sports fans. I will tell you that one of the main economic reasons hamilton thrives is because it is a beautiful quiet town with nice people and boundless recreation; far more revenue is brought in from people like us moving here to get away from the noise than a motor park ever will! **DON'T LET THIS PROPOSAL PASS!** Build a park out of city limits and away from our quiet neighborhoods and schools!

Thank you for your time and best regards,

Jennifer paul
