

## **DNRC Renewable Resource Grant and Loan Program Planning Grant 3rd Round Applications Now Open through March 31, 2017**

The Montana Department of Natural Resources and Conservation is pleased to announce the availability of a 3<sup>rd</sup> competitive round of planning grants available to governmental entities through the Renewable Resource Grant and Loan Program. The purpose of the RRGL Planning Grant Program is to provide funding to governmental entities for professional and technical services necessary to produce a high-quality RRGL grant application leading to a project that conserves, manages, develops, or protects Montana's renewable resources. Applications must be made at <https://www.fundingmt.org/index.do> by March 31, 2017. For details please refer to the department's website at <http://dnrc.mt.gov/grants-and-loans> . You may also contact Bob Fischer, P.E., RRGL Program Engineer, at (406)444-6688 or [rfischer@mt.gov](mailto:rfischer@mt.gov).
