Subject: BLM Announces Call for Nominations To Wild Horse and Burro Advisory Board
Attachments: WH&BAdvBdNominations_12_27_16_final.docx

Hello,

The Bureau of Land Management today issued a call for public nominations to fill three positions on its national Wild Horse and Burro Advisory Board. To be considered for selection, nominations must be received via email by February 10, 2017, or postmarked by that date. The BLM published its request for nominations in the Federal Register.

Nominations are for a term of three years and are needed to represent the following categories of interest: public interest (equine behavior), wild horse and burro research, and natural resource management.

Best,

Cynthia
