Ravalli County Commissioners

--	--	--	--	--

County Commission

Commissioner Chilcott

I am in receipt of your letter dated March 13th where you mentioned the number of vehicle accidents on Fairgrounds road on Dec 9th & 10th 2016. The city is very much aware of the accidents and what we feel was the cause of these accidents. We also repaired the edge of the road as there was a drop off that we filled in. The public works director is looking into probable fixes to then identified problem. Fairgrounds road is in the 3rd phase of sidewalks which will run from North DALY TO Providence way with curb and gutter. Also the city has a TA grant with the State of Montana that will put sidewalks on the south side of Fairgrounds road from old Corvallis Road to North Daly. This project will also include street lighting at the intersection of North Daly. We are also working on a design of the street as well. I Hope this addresses your concerns on Fairgrounds Road

Sincerely yours,

Jerry e. Steele ,Mayor
