NEW LICENSED PREMISE

We need your help to determine if the above applicant and location comply with all laws and ordinances administered by your office. We ask that you please advise us by **July 20, 2017**, if there is a compliance issue. If we do not hear from you concerning a compliance issue, we will assume the laws and ordinances have been met. We would be happy to provide you with any additional information to determine compliance. **This is an application for a new premises, a premises not currently licensed for the consumption of alcohol. Building, health and fire approval will be required before department approval will be considered.**

It is important for you to understand that local laws are not enforced through the alcoholic beverage licensing process but several factors can influence the issuance of a license or prevent processing of the application:

- Compliance with local laws may influence our final decision; and
- Notification of a local deficiency

I will be happy to assist you if you have questions. Please contact me at the address, telephone number or e-mail below.

Sincerely,
