

Phone Messages re Salish Kootenai Indians and Medicine Tree.

12-2-2013 - Annon. male states an apology from the Commissioners or Jan Wisniewski is unfitting. He said the truth as alcohol is a huge issue for Indians. He worked in the medical field and on Friday and Saturday nights they traumatize each other with injuries due to being drunk. The Tribes should pay their own way. The truth hurts.

12-2-2013 - Jim Johnson stated he lives in the valley and does not agree with the people who complain about what was said by Jan and the Commissioners. The Tribe should pay for their own services like he does. Do not turn over the land to the BIA. The Indians will cause problems around the Medicine Tree Property.
