Ladies & Gentlemen

I received a not so nice letter from your Public Health Nursing and Commissioners office dated August 7th, 2017 postmarked on Aug 11th

As I was in the hospital I did not receive it till Aug 15 th .
I informed the Public Health office by phone of my situation and made an appointment with my veterinarian as soon as I could get some one to take my dog, as I am presently in a wheel chair and not able to drive

The appointment was for Aug 17th to take care of this matter
My veterinarian Dr Joe Melnarik faxed the in formation to you that very day

So I would appreciate if you would you check your records !!

Sincerely

Monica Blue
