Subject: Mill levy submission to DOR

Clerks, Commissioners and Treasurers,

I am at the Treasurers Convention and just spoke with DOR Director Mike Kadas. He reported that as of this morning they have only received mill levies from 22 counties. They were due to the state Tuesday.

For every day a county is late submitting the levies to DOR, they have an additional day to do their responsibility calculating the property tax bills that are then downloaded into your tax billing and accounting software so you can generate property tax bills. Given a long enough delay, you will not be able to get the bills out in a timely manner so that property taxes are due November 30th.

I encourage you to submit mill levies to DOR as soon as possible.

Thanks,

Harold Blattie, Executive Director
Montana Association of Counties
