**Subject:** Climate Action Plan

Please refrain from creating a climate action plan. This is an Agenda 21 agenda of which we must not take part. We will lose so many freedoms if you subscribe to this. Do not be pressured by higher ups. They will threaten to withhold funding from the county. We must remain sovereign!!!!. We do not want to be part of the new world order. I will research where all the commissioners stand on this. If need be, we will replace those who do not represent we, the people.
