Ravalli County Commissioners

--	--	--	--	--

Dear Sirs,

The Stevensville School District has requested permission from the town of Stevensville to relocate Phillips Street and is proposing a parking lot between the K-3 school and the relocated Phillips Street. Because Phillips Street and the parking lot would enter Park Avenue at a location owned by Ravalli County we would require Ravalli County permission as well.

On behalf of the Stevensville Board of Trustees, I am requesting that Ravalli County allow the Stevensville School District to relocate the Phillips street entrance at Park Avenue as part of our pending construction projects. I am also requesting a second entrance from Park Avenue into a parking lot adjacent to the elementary school. These requests are contingent on the passage of at least the Stevensville Elementary School District bond.

Project summary:

The Phillips Street relocation project would entail the abandonment of street surface rights at the current location of Phillips Street and a relocation of the Phillips Street to a location approximately 250 feet south of the current location. The new street would run east to the school property boundary and then north to the current Phillips Street MRL crossing easement. Current city and other easements for water, sewer, and utilities would remain in the current location (See Exhibit 1).

The relocation of the street will allow the District to move the playground to a location adjacent to the current building which will eliminate the need for our students to cross Phillips Street several times per day to the playground. In addition, the District will add off-street parking to alleviate traffic and parking congestion on Phillips Street and Park Avenue.

The two county property owners that use Phillips Street as access to their residences have been consulted in the process and have agreed in principal to the proposal of relocating the street.

Please contact me if you need further information and notify me when this item will be considered by the Ravalli County Commission.

Thank you for your consideration of this request.

Sincerely,

Robert Moore ED.D  
 Superintendent  
 Stevensville Public Schools
