Dear Commissioners,

It was truly disappointing to note your absence from the Karen Bud-Falen workshop on Saturday the 18th of November, 2017.

It was quite informational, educational, non-accusatory and it was recorded. There are several options citizens can legally utilize to work with their county commissioners. Interestingly, we had enough of a turnout that these options could be successfully employed.

As a voter, I have to say I have quite the concern over the commissioners lack of concern for our county when political expediency is removed from the equation. I shared this concern, and your notable absence from the workshop, with many on social media.

I would love to encourage you to keep up the good work and to keep fighting the good fight, unfortunately there is no sign of any of you doing either.

Sincerely,

Tanya Drayton
