**Subject:** RE: Little Sleeping Child Dam EAP Test

Hello all, just a friendly reminder that we will be hosting a workshop to test Little Sleeping Child Dam's Emergency Action Plan (EAP) on Monday evening, December 4<sup>th</sup> from 5:00 – 9:00 pm, at the Ravalli County Courthouse in Hamilton.

We will be providing dinner so please RSVP so I have a head count for meals.

Thanks,

**Jeremiah Theys, PE**

**Subject:** Little Sleeping Child Dam EAP Test

All, I am assisting the DNRC in hosting a workshop to test the Little Sleeping Child Dam's Emergency Action Plan (EAP). Little Sleeping Child Dam is located approximately 12 miles south-east of Hamilton and is a High Hazard Facility. We would like this workshop to be interactive with stakeholders from the irrigators and water-users, County, and State agencies working together to evaluate the current EAP and help to improve coordination in the event of an emergency with this facility.

Attached is a flyer regarding the information we will go over along with the agenda for this workshop.

The workshop is scheduled for the evening of December 4<sup>th</sup> from 5:00 – 9:00 pm at the Ravalli County Courthouse in Hamilton, MT (205 Bedford Street); dinner will be provided. Enter the Courthouse through the south lobby entrance; we will meet downstairs in the election room.

Please confirm that you can attend this workshop or if there is another representative from your entity, please pass along this information to them.

Thanks and I hope to see you on the 4<sup>th</sup>,
