Subject: RE: Ravalli County Public Display Policy- 2018

Dear Dr. Oppenheim,

Thank you for your interest and offer of assistance in developing the policy on public displays. We will draft a policy that is consistent with State and Federal laws, which shall occur via our public meeting process. As always, we will provide an opportunity for public comment and participation throughout.

We have not scheduled this meeting at this time. We will contact you when we set a meeting date and time.

Chris Taggart on behalf of the BCC

Subject: Ravalli County Public Display Policy- 2018

I request that the Commissioners adopt a policy on public displays consistent with local, state, and federal law, other policies and procedures. There are Christmas displays and I believe that similarly situated groups and persons are entitled to identical display rights without preference or exclusions. Apparently there is no policy at this time. I am investigating Missoula County, Missoula City, and other municipalities statewide to determine existing policies. I think such policies should be consistent statewide.

Please schedule my appearance on this matter at the first 2018 Board of Commissioners meeting. I should be able to offer a report by that time.

I reside in Ravalli County although my mailing address is Missoula Co.

Please notify me of the date and time at your earliest convenience and I may submit information and a proposed Rule, Policy, and / or Procedure in writing for consideration.
