I understand you meet on January 2, 2014 to review the appointment of the Planning Board commissioner.

Get rid of him!!!!!!!!!! He is a racist, as evidenced by his ignorant, callous and disrespectful comments to the Salish tribesmen. I don't want someone of such low intelligence and lack of respect to "Plan" anything in Ravalli County.

He is an embarrassment to our local government and the citizens of Ravalli County. You know this as that is why you apologized for his actions to the tribe.

I have lived here and taught school for 34 years. It's humiliating to have him as a representative of our county.

DO THE RIGHT THING FOR A CHANGE! BOOT HIM!

Respectfully,  
Jeanne Breglia
