Glenda,

I am sending this email to Greg and JR, but not sure if they will see it.

Jan Wisniewski shouldn't be allowed to be appointed for a public office if his taxes aren't current. His land taxes are under assignment for 2012, and delinquent for the first half of 2013. His mobile home taxes are delinquent as far back as I can see on the internet. At least 2004 to 2013.

I realize that he isn't getting paid for the position, but it just doesn't look good.

I'm just saying.....Just another thing to come out in the open.
