Gary Woods lives in Missoula County – glad you hired her there and she doesn't keep watch over the school food money any more.

Anon female – BCC disgraceful for not hiring a qualified Treasurer – BCC owe the Republican Party something instead of doing the right thing?

Jay Bull – I know how to vote this time around – not for the three BCC who appointed Stamey, or what ever name she is going by today....Get rid of her now.

Anon female – if you were a district you'd want your money too.....but oh you got your paychecks didn't you. Bet they were deposited that day.

Same Anon female – oh and another thing what president of a company – private or government would allow this to go on for this long – oh the three commissioners that appointed her that's who.

Dawn Vanestern (sp) this Treasurer issue is shameful....embarrassment to citizens of the county.

Fred Wilson of Hamilton will there be any money left after you fire the Treasurer?
