Voice mails:

Anon Female – thanks to J.R. for the letter he wrote thanking the three employees who did a lot for the public and the Treasurers Office. To Suzy, Jeff and Ron , we are a conservative county, but if being a Tea party means you trust ideology over ability and reason and performance – you are doomed.

Penny Foots (sp) where did this Stamey lady come from – did you look at her background – simple internet checks lend lots of information about a person. Obviously the Star knows how to do a back ground check – but the three stooges – Ron, Suzy and Jeff – did not care - no they just wanted a crony in that spot. Don't blame anyone but yourselves.
