1/21/2014 Robert Maker 971 Glenn Street states who ever voted Valerie Stamey in as Treasurer should be eliminated....This is a laughing stock. He owns three pieces of property and the addresses and everything are all messed up.

1/22/2014 Mark Behrman 369-0202 stated the Treasurer's Office should go back to work, and the Treasurer should not be allowed to work there anymore....this is beyond bizarre.
