Subject: Commissioners Request

Greg, after reviewing the letter you had delivered to me on Friday, January 17, 2014 I wish to make the following response.

I do not believe you followed procedures when you directed me to respond to the Commission in writing by 4 PM today, or to answer questions from the Commission on Thursday, January 23, 2014.

I have been advised by legal counsel that I will not attend nor respond when I cannot confirm that proper notification procedures have been followed.
