Dear Greg:

Thank you for your recent executive action assuring that various county organizations including the Darby Community Public Library received monies approximating first one-half payments of taxes for the period June 1, 2013 thru December 31 2013. We received \$28,290.00 on January 17, 2014. This is payment plus the previous payment of \$4083.37 totals \$32,273.37.

In addition to the revenue from our Mill Levy we should also be receiving our share of the Ravalli County Library Mill Levy and our share of the state funds for libraries. Our records indicate we should be receiving an additional plus or minus \$22,000 in funds from our mill levy, county library mill levy and entitlement funds in the last one-half of the fiscal year.

Again, thank you for your recent action and thank you in advance for your assistance in the remainder of the year.

Forest E. Hayes
2014 Chair, Darby Community Public Library
