In reference to recent events pertaining to the mess YOU created by hiring Stamey....

You should be thanking the Bitterroot Star for doing YOUR job!

You had to be pushed into taking the steps you now are based upon the Bitterroot Star advising you of the law, and the consequences of your not upholding the law.

How you got elected is a mystery, however, that will also soon be remedied.

In the meantime you owe all of us Ravalli County taxpayers an apology!
