Subject: Forest Highway Program Projects

Commissioners,

Western Federal Lands has a number of ongoing projects with Ravalli County. With Mr. Ohnstad's departure I hope that we can keep these moving in a positive manner for Ravalli County and the program.

We have ongoing projects on West Fork Bitterroot Road and East Fork Bitterroot Road, a recently approved Reimbursable Agreement for Lake Como Road, and the Tri-Agency will be considering a project on Rye Creek Road during their upcoming meeting in Missoula on February 21st.

I will be in Missoula for the Tri-Agency meeting and would be available to meet with you on the afternoon of the 21st or the morning of the 22nd to discuss the status of projects.

Thanks for your time.

Greg Gifford, PE, PMP
Project Manager
