PRESS RELEASE

FOR IMMEDIATE RELEASE

Mass Casualty Drill Event at Hamilton High School

HAMILTON, Montana – Bitterroot Health will be facilitating an Emergency Preparedness Full Scale Exercise with multiple organizations on Friday, October 18th at the Hamilton High School grounds. Building on the success of previous drills, this event will simulate a Mass Casualty Incident scenario, involving a wide array of community partners committed to enhancing local emergency response capabilities.

“We want the public to be fully aware that the upcoming exercise at Hamilton High School is a planned mass casualty drill involving multiple local organizations,” said Sara Monroe, EMS Manager at Bitterroot Health. “This realistic simulation will feature a significant emergency services presence, including fire, EMS, air medical teams to name a few, with Bitterroot Health mobilizing resources to provide immediate patient care,” Monroe said.

Participating organizations include the Montana Highway Patrol, Hamilton Police Department, Hamilton Fire Department, Corvallis Fire Department, Victor Fire Department, Stevensville Fire Department, Hamilton High School, Life Flight Network, Community Medical Center, Providence St. Patrick’s Hospital, Rocky Mountain Lab, and the Ravalli County Sherriff’s Office.
